## 2019 National Damage Prevention Day hosted by LSBUD

LSBUD is proud to be hosting the second annual National Damage Prevention Conference to promote the prevention of damage to utility networks across the UK. It is supported by expert international and domestic speakers and the industry report on the vulnerability of our utility infrastructure, Digging Up Britain.

The event is taking place on 20 June 2019 at the RICOH Arena in Coventry.

#### **GTT added Interoute Assets - 22 Feb**

We are very pleased to announce that GTT has chosen to add the assets formerly managed by Interoute, including the former Vtesse Network, to its LSBUD Membership.

GTT completed the acquisition of Interoute in 2018, significantly expanding its Tier 1 IP Network in Europe. The consolidated and expanded assets have been available to LSBUD Users since Friday 22 February 2019.

## **Murphy Gas Networks and Murphy Power Distribution Assets - 01 March**

As relatively new entrants to the Independent Distribution Network Operator (IDNO) and Independent Gas Transporter (IGT) markets, their asset base will expand steadily over coming years and we look forward to working with them to ensure that both the assets and any ground-workers operating within their vicinity are well protected.

## New Support System

You may have already interacted with our brand new support system, which is designed to help all users get the best from the LSBUD service.

It has articles on how to use every aspect of our service and includes a live chat system.

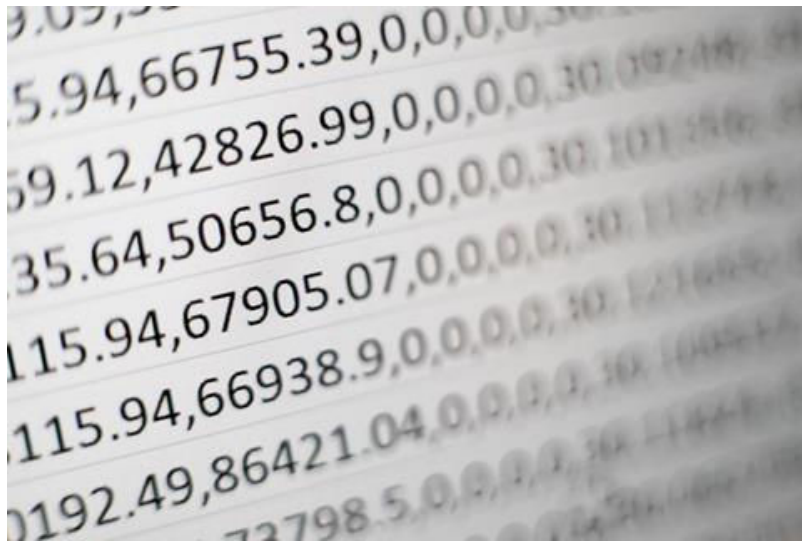

If you're struggling with any element of the service, simply click the help button at the bottom right corner of the LSBUD website. From there, enter your query and find articles or start a live chat.

## Enquiry Volumes

Like our enquiry numbers, we're feeling like a broken record repeating ourselves as once again, the record has been smashed with January 2019 having 243,567 searches!
