What a year!

Hello everyone,

Thank you for your continued support in making 2019 one to remember for all of us at LSBUD. Record numbers of enquiries, as well as new members, have helped make GB a safer place to dig.

In our final update of the year, we're very excited to Look back on several new members since our last update.

cng services ltd

CNG Services Ltd - 29 July 2019

CNG Services Ltd (CSL) provides design, build and project management services for new gas pipelines, CNG filling stations, biomethane to grid plants and onshore natural gas processing plants.

SES Water - 30 Sept 2019

SES Water is a water-only company supplying approximately 712,000 people in parts of Surrey, Sussex, Kent and south London. Their supply area covers 322 square miles, extending from Morden and South Croydon in the north to Gatwick Airport in the south and from Leatherhead and Dorking in the west to Edenbridge in the east. On average SES Water supplies 160 million litres of water a day which can rise to 260 million litres on a hot summer's day. 85% of raw water comes from underground with the remaining 15% from the River Eden which is stored in Bough Beech reservoir.

Veolia ES Sheffield Ltd - 2 Oct 2019

Veolia and Sheffield City Council are working together to manage the household waste created by the residents of the city. They empty bins, provide recycling services and generate electricity and heat from some of the material that can't be recycled whilst developing the award-winning District Energy Network to enable more buildings to connect to the system

**Scottish and Southern Electricity Networks
(SSEN) - 14 Oct 2019**

SSEN are responsible for maintaining the electricity networks supplying over 3.7 million homes and businesses across central southern England and north of the Central Belt of Scotland. They own one electricity transmission network and two electricity distribution networks, comprising 106,000 substations and 130,000 km of overhead lines and underground cables across one third of the UK.

SSE Telecoms - 21 Oct 2019

SSE Telecoms is one of the UK's leading connectivity providers, operating a 12,000+km private telecoms network and 15 data centres that span the UK. Offering a wide range of products and integrated solutions including leading edge SD-WAN, Ethernet, Optical and dark fibre services

SSE Telecoms - 18 Nov 2019

SSE Utility Solutions delivers utility infrastructure solutions for significant private and public sector clients across residential, commercial and industrial markets in the UK – and has been doing so for over 10 years. They offer gas, electricity, water, heat and cooling services in one single operation, helping customers thrive in an industry driven by dynamic change.

LARRY COMPETITION

Congratulations to our 2020 competition winners - your vouchers are in the post!

Thank you to all of you that took the time to send Larry entries in, please do keep them coming for next year's competition.

If you'd like a 2020 calendar or a Larry then please let us know- we have a limited number available.
